

ANNEX A TO DCI DIRECTIVE 15/1:

RESPONSIBILITIES OF THE DEPARTMENT OF STATE

1. Economic policies and organization, including government plans and controls, economic development, fiscal policy, monetary systems, and policies affecting the allocation of resources, and the institutional arrangements in major sectors of the economy.
2. Over-all economic trends, including national product and income, government budgets, price levels, standard of living, and general economic vulnerability.
3. Foreign economic relations, including politico-economic relations, international trade (excluding clandestine trade), and international finance.
4. Internal trade systems, including state trading organizations, cooperatives and urban rural terms of trade.
